

From 14 December stricter regulations will apply

From 14 December "stricter national regulations and general guidelines" apply. They stress everyone's responsibility for preventing the spread of Corona (Covid-19).

Everyone in society, individuals as well as those who have a business **MUST** prevent the spread of Corona (Covid-19). You have an obligation to do so.

This also applies during wintertime festivities as Christmas and New Year. Most important is to celebrate with a smaller circle of friends and loved ones. Households should not mix over groups.

The risk of spreading or getting Corona (Covid-19) increases, the more people you meet.
